DADIS STREET CARBARNY POLICE GUARDS

COMMISSIONER GIVES RULING ON SUBURBAN TELEPHONE CHARGES

Railway Board Rules That B.C. Telephone Company May Connect Subscribers to Any Exchange, But Must Not Increase Rates; Cadboro Bay and Cedar Hill Affected.

Deciding that Cadboro Bay and Cedar Hill telephone users must be given city rates by the B.C. Telephone Company, the Board of Railway Commissioners has announced that it views the controversy as one of rates rather than of exchange boundaries.

The board rules that the telephone company may connect subscribers to any exchange found most convenient, but must not increase the rates by so doing.

The order is signed by Chief Commissioner H. A. McKeown, K.C. and is as follows:

"It is ordered that until otherwise directed the exchange rates to be charged by the Telephone Company to subscribers in Cedar Hill and Cadboro Bay, now connected with the Gordon Head exchange, instead of as formerly with the Victoria exchange, be restored to those rates in effect on and prior to June 1, 1924; and that no other rates, or tariffs, be levied, or charged, to any subscriber, in such area, than those in force prior to the service of the Telephone Company's notice to its subscribers, effective June 1, 1924, and which notice is disallowed."

CHARGES CHIEF FACTOR

Commissioner Boyce sets out the following points in the course of his decision, Commissioner Frank Oliver, appending a brief, "I agree."

GRAIN BOARD'S WORK AFFECTED BY RULING

Supreme Court Declares Provision of Grain Act of Canada Ultra Vires

Overages Are Not to be Sold and Proceeds Given to the Board

Ottawa, May 5.—In a judgment which is held to affect the licensing and controlling functions of the Board of Grain Commissioners of Canada, the Supreme Court of Canada to-day declared sub-section seven of section 85 of the Canadian Grain Act ultra vires of the Canadian Parliament.

This sub-section provides that stock must be taken annually of the overages in public terminal elevators and that all overages in excess of one-quarter of one per cent, must be sold and the proceeds paid to the Grain Board. This sub-section was challenged in the Exchequer Court, and carried through the Supreme Court in the appeal of the King vs. The Eastern Terminal Elevator Company. All the judges except the Chief Justice find the sub-section ultra vires of the Parliament of Canada and dismiss the appeal with costs.

Paris, May 5.—Leon Daudet has announced his candidacy for the seat in the Senate made vacant by the death of Jules Delahaye, Royalist Senator for the department of Maine-et-Loire. He is conceded an excellent chance of election.

HO DENIES REPORTED CHARGES

Threatened complications between the Department of the Attorney-General and Ho Tsang, new Chinese consul for Western Canada with headquarters in Vancouver, over the Janet Smith case and the treatment of Wong, the arrested Chinese houseboy, were averted this afternoon by Mr. Ho issuing a complete denial of the criticisms of the Attorney-General's Department attributed to him in a morning newspaper interview.

REWARD FOR KIDNAPERS

In an effort to speed up whatever movement the authorities have under way for the detection and punishment of those guilty of the kidnaping of Miss, the Chinese Benevolent Association is offering a reward of \$500. The reward will be officially posted to-day. It was announced this morning by Vancouver's Chinatown in a ferment. Propagandists are busy throughout the district organizing a mass meeting in front of the Chinese consulate.

FINO BOY WAS INJURED

The condition of a boy who was yesterday examined by a physician in order to determine what injuries he sustained during the six weeks when he was in the hands of his mysterious abductors, was announced to-day by his counsel as more serious than had been anticipated. Further examinations by other physicians are to be made.

CHURCH UNION

Toronto, May 5.—A summary issued by the Church Union Bureau of information here to-day, reported that 1,583 Presbyterian congregations and preaching places in Canada had voted for concurrence in church union and 629 against. A summary issued by the Presbyterian Church Association gives a total of 440 non-concurring congregations and preaching stations.

STRIKE CRIPPLES TRANSPORTATION LINES OF PARIS

About One-third of Street Car and Motorbus Workers in French Capital Idle To-day as Protest Against Suspension of Some of Fellows; Citizens Inconvenienced; Troops Guard Car barns and Power houses.

Paris, May 5.—Street car and automobile bus services were suspended to-day in some sections of Paris where the radical elements are strong. Services everywhere were greatly crippled, about one-third of all the transportation employees having ceased work in a strike called as a result of the suspension of some transportation employees for not working on May Day.

Car barns and powerhouses were guarded by troops and a policeman was stationed on each car that operated. Until mid-afternoon no violence had been reported.

COMMITTAL ORDER STANDS IN STROMKINS HEARING

Paul Stromkins Loses Motion for Release in Beryl G Case; Weight of Evidence Presented by Crown for Jury to Decide, it is Ruled.

A move for the release of Paul Stromkins, committed for trial on a charge of murder in connection with the Beryl G hi-jacking raid of September 15 last, made by the defence in Supreme Court Chambers this afternoon proved abortive.

On behalf of the accused, Stuart Henderson applied for an order nisi fixing a date for argument on a motion for writ of habeas corpus. Chief Justice Hunter refused the order asked and dismissed the motion.

Four grounds were cited by the defence for the motion taken. One that the only evidence entered by the Crown against Stromkins, his statement, was inadmissible as evidence.

The second ground was that the statement, even if admitted, contained nothing incriminating against Stromkins. The police magistrate had dealt with the matter without showing jurisdiction, in that the scene of the crime was not shown to be within the County of Victoria was the third ground. Prejudice had been shown in committing for trial on the facts presented, was the concluding argument.

CONSUL-GENERAL FOR CHINA BRINGS GOODWILL MESSAGE

Chow Kwo Hsien Here To-day En Route to Ottawa

"I bring a message of goodwill from my people in China to the people of Canada, and particularly to the people of the West, with whom I hope to become better acquainted during my stay as Consul-General in Ottawa," said Chow Kwo Hsien, who arrived here this morning with his family aboard the Empress of Australia from Peking. He is proceeding directly to the Dominion capital, where he will assume his official duties as Consul-General to Canada from China.

Chow Kwo Hsien is no stranger to this continent, having spent a considerable time in Eastern Canada and parts of the eastern section of the United States. At the University of Chicago, where he studied, he received the degree of Bachelor of Philosophy.

It was twenty years ago that the new Chinese Consul-General had his first experience of western life. He is to succeed Tallian Tsui, former consul-general at Ottawa, in a post that has been vacant for some months now.

The Consul-General was accompanied by his wife and family, including several children who glimpsed their first sight of Canada from the decks of the Empress of Australia this morning. While here the party were the guests of leading Chinese merchants of this city and driven about the city and environs between the time of arrival and departure.

Police Plan Great Sports For July 22

Finest Track and Field Meet Ever Staged on Island Being Arranged in Conjunction With Conference With Law Enforcement Officers of Pacific Northwest; Athletes From All Parts of West Will Assemble Here; Local Talent to Prepare

One of the greatest track and field meets that Victoria has ever staged will be conducted on Wednesday, July 22, by the Victoria Police Mutual Benevolent Association. The police sports, always a main summer attraction, are being expanded this year and will undoubtedly attract the largest entry-list ever filed for an event of this kind on the island.

The police officials are taking extra pains this year with the programme owing to the fact that it will be staged during the conference of the law enforcement officers of the Pacific Northwest. Delegates will be here from points as far east as Winnipeg and embracing all the Western States. It is expected that many of the delegates will be athletes who will be able to compete in either track or field events.

LOCALS MAY PREPARE

The local police officials are anxious to have some of the splendid trophies kept in Victoria and they are announcing the date of the meet well ahead of time so that the athletes may be in top form by July 22. The local entries will have to step their liveliest to get in the money in the outside competition will be keener than ever.

Spectators will be provided with a most varied and interesting programme. The sports will start at 1:30 o'clock in the afternoon and run right through till evening. There will be running events, jumps, weight-throwing, bicycle races and closed events for police officers, and the revolver shooting will be held at police headquarters in the morning.

The events in this class will be as follows: Highest score Vancouver Island; Highest score British Columbia; Highest score right and left hand, and contest for police teams.

ENTRIES IN BY JULY 19 Entries for the meet must be in the hands of the secretary of the police association before July 19. The programme for field and track events is as follows:

Ninety-two Women Seek Joyce's Crown

LONDON, May 5.—Ninety-two women will challenge Miss Joyce Wethered for the ladies' open golf championship to be played at Troon, Scotland, Monday, May 18. The entries total twenty-five more than last year. The draw is to take place here next Monday.

Madison Square Gardens to be Razed

Honolulu, May 5.—(Associated Press)—Polo in Hawaii will be set back by years as a result of the destruction on Sunday by fire of the Hawaiian string of ponies at the Baldwin stables, Island of Maui, polo players believe. Among the four-ten animals burned was Grey Dawn, which is considered irreplaceable. One pony broke loose, but had to be shot. It was so badly burned. Another has not yet been accounted for, and it presumably escaped.

Boxing Glove Maker Dies

San Francisco, May 5.—Sol Levinson, nationally known maker of boxing gloves, died here yesterday from complications following an operation. He was sixty years of age.

Levinson's gloves had been used in bouts all over the world, and figured in virtually every championship fight for the last twenty years. He is survived by his widow and a son.

Benefit Football Game To Be Staged To-morrow Night

Two Picked Local Teams Meet in First of Series For Benefit of Mosher

To-morrow night the first of the benefit football games for Mosher, the Canadian All-star goalie, who had his leg broken in Australia, will be held. The match will be between two picked teams and will be staged at the Royal Athletic Park, commencing at 6 o'clock.

The teams will play as the blues and reds, the former being managed by W. J. Lynn, while G. Williamson (Services), Clarkson (Veterans), Archie Muir will captain the Blues and Harry Copas will act as the helm of the Reds.

This should be an excellent match, as every man will be trying hard to catch a place on the representative team, which will be selected to-morrow night to represent Victoria against the Up-Island All-stars, in the Mosher benefit series.

The teams selected for to-morrow's game are as follows: Reds—Bridges (Veterans), Whyte (Services), Copas (Veterans), Ross (Veterans), Edwards (Esquimalt), Robinson (Services), Cummings (Services), Mulcahy (Wests), Coulter (Services), McKinnon (Veterans), Preston (Veterans), Muir (Wests), Conner (Sons of England), Cameron (Sons of England), T. Watt (Esquimalt), Cochr (Services), and Ward (Services).

Ralph Alcock will handle the whistle, with Saunders and McMillan as linesmen.

On Saturday afternoon the Victoria Senior Esquimalt will meet in a Brown Cup semifinal match. Alcock will referee. The winner of this game will clash with the Veterans in the final of the trophy.

The football season will close on Saturday, June 8, when the final match of the Mosher benefit series will be played.

On Tuesday, May 19, Esquimalt and the Victoria H. C. will meet in the First Division League playoff.

On Saturday, May 23, Esquimalt will meet Ladysmith in a Connaught Cup match.

On Thursday, May 28, the Victoria Wests and Sons of England meet in a First Division game.

On Saturday, May 30, the Veterans take on Vancouver City in a Connaught Cup game.

Let me particularly urge that all clothes be roomy and comfortable.

Many a player has tired in a hard match due to a shirt that was so small that it bound his shoulder, or a pair of trousers that would not allow perfect freedom of leg movement.

Let me also point out the value of a soft, light sweater in which to start play. Wear it until thoroughly warm. Personally, I am very able to wear a sweater throughout an entire match, particularly if the day is cool.

The light sweater will quickly produce warmth and may be easily removed at any time desired after the player has thoroughly warmed up by his match.

Shoes are the most important single item of clothing in the equipment of a tennis player.

Age Is No Barrier To Aged Pole

Speaking of athletic wonders, don't overlook one Stanislaus Zyzsko, the landmark of Poland. For "Zibzy," though well past the fiftieth milestone along life's troubled road, to-day squats atop the wrestling throne.

Some thirty years ago the hairy-chested Stanislaus started in the grappling pastime. And he has been wrestling since.

Zyzsko was quite an up-and-up wrestler in the halcyon days of Frank Gotch and Hackenschmidt, the "Russian Lion." That's quite a leap backward.

Winning the crown is nothing new for the Polish patriot. For he has reached the heights before. But to top the laurels in his day and age is something else again. It's a bit out of the ordinary.

Wayne Munn, at Philadelphia the other night, he fairly upset the wrestling fraternity—if there was such an assemblage. For only last February Munn had played horse with "Zibzy," pinning him to the mat twice in quick fashion.

Por Zyzsko had everything against him save experience. He conceded around twenty-five years in age, over thirty pounds in weight and nearly a foot in height. That's quite an edge.

It is true the wrestling game has been under a dark cloud for quite a spell. The crown has shifted from one dome to another in rather rapid fashion. It has passed here and there. And then back again in a sort of round-robin way.

But be that as it may, you're simply got to hand the old chevron to Stanislaus Zyzsko, whose physical displacements are far below those of most of the other top-notchers.

And to a champion who regained the title at a time when most men have long since forgotten their athletic ambitions and shelved their equipment.

London Football Clubs Disappoint Fans This Season

Lancashire Proves Best Football County in England; South Does Poorly

London, May 5.—A survey of the football season in the Old Country, which closed on Saturday, reveals the North and Midlands continue to dominate the soccer game, while the south of England, particularly the Metropolitan, shows up to little advantage in the general run of the play.

While the championship went to Huddersfield, it is the only club from the country that emerges creditably from the season's league encounters, the neighboring county of Lancashire, Birmingham and South.

When the first eleven clubs of the league are tabulated, by counties, some indication is given of where the strength in English soccer lies. The column would run in this fashion: Yorkshire (Huddersfield), Lancashire (Bolton Wanderers), Lancashire (Liverpool), Lancashire (Bury), Northumberland (Sunderland), Durham (Sunderland), Staffordshire (Birmingham), Nottinghamshire (Notts County), Lancashire (Manchester City), Wales (Cardiff).

In point of fact, Lancashire provided more than one-third of the teams in the first division, for in addition to the foregoing there were also Blackburn, Everton, Burnley and Preston Northend. For Londoners, the past season was a disappointment.

The metropolitan clubs were represented in the senior string by West Ham United, Tottenham Hotspurs and Arsenal. All three ended their scheduled encounters in the bottom half of the league standings.

Most impressive of the trio were Arsenal, who sustained a record of six consecutive wins, and Tottenham Hotspurs, who were relegated, Preston and Cardiff.

Whether the 1924-25 season was a financial success or not will not be known until the box office receipts are counted. The clubs, however, were not always satisfactory in well known, for the past winter was characterized by bad weather.

And to a champion who regained the title at a time when most men have long since forgotten their athletic ambitions and shelved their equipment.

Armada Net Club Builds Third Court To Please Players

To meet the demand of increased membership this year, the Armada Tennis Club has built a third court, they expect to open it in a few days.

There are over forty enthusiasts on the waiting list, anxious to enroll as members of the club. This popular club now has two courts and only two vacancies, for further applications for membership. When the grass has grown on the new court, the club will be able to accept ten more members.

Play has been enjoyed for the last four days on the two courts, and is payable. There was a good turnout on the opening day, and the club is plainly strong in tournament talent.

As in previous years the club expects to meet in competition most of the other local clubs, the James Island Club and possibly several of the up-Island clubs.

Toronto Athlete Drops Dead; Hurt During Great War

Toronto, May 5.—D'Arcy S. Smith, one of Toronto's best all-around athletes, dropped dead Saturday evening from heart trouble, caused by privations suffered in prison camps in Germany during the Great War.

Smith was prominent in all branches of sports, being a star hockey, baseball, rugby and rowing athlete. He played hockey and rugby for T.R. and A.A., being one of the best players in his time.

He also played golf for the Saakatoon Millionaires in 1914. Smith formerly held the junior and intermediate double sculling championships of Canada, being an active member of the Don Rowing Club and Balm Beach Club. In baseball he played with the Riverdale Indians.

He went overseas in April, 1915, a sergeant-major in the 26th Battery of the Canadian Field Artillery, and was wounded and taken prisoner on October 31, 1916, being held in Germany until after the Armistice.

Athletics Pound Way Back To Tip-top Tie

New York Yankees Helpless Before Heavy Guns of Connie Mack's Tribe; George Sisler, Gets Three Hits, One a Homer, and Steals Home, Leading His Team to Victory Over Detroit; Tigers Have Lost Ten Out of Twelve Games

Philadelphia Athletics fought their way back into a tie for the American League leadership yesterday by shelling New York pitchers with a volley of sixteen hits which reached its height in the ninth inning. Terrific drives by Bishop and Miller, the former lifting the ball into right field stands, snatched victory from the Yanks in the closing session, 8-7, and established another triple tie among the leaders.

Washington and Cleveland, forced into idleness by rain, stood by while the Mackmen were crowding their way back into first place.

Davies Getting In Shape For His Bout With Colored Boy

Local Bantamweight Will Be in Fine Form to Take on Danny Edwards

Since Billy Davies announced his intention of bringing Danny Edwards, the Oakland colored featherweight, to clash with Al Davies in Victoria, interest in the fight game has been running high.

There is considerable discussion as to whether Al will realize his ambition to secure featherweight laurels, and those who have seen him work out at the Victoria West gymnasium have a lot of confidence in him.

His ability to mix it with the rougher has never been doubted. Frequent wins in the professional game and when he got his amateur card he gave away ten, fifteen or even twenty pounds in weight without flicking an eyelash and came out on top.

There will be a strong supporting card. The promoter has the best local men ready to go on and expects to get on a big attraction in the semi-windup with two Up-Island boys.

GIANTS HAD A FIELD DAY

The Giants had a field day in their National League game with the Philadelphia Athletics yesterday, 12 to 2. Travis Jackson, Giant shortstop, hit two home runs in consecutive times at bat in consecutive innings. Frank Pritch also made a home run.

After a sensational rally by the Robins had tied the score at 5-5 in their twelfth inning, the Braves, Manager Bancroft dashed around the bases in a ninth-inning burst of speed which put Boston on the long end of the score by a score tally. Profiting by a pass, Bancroft stole second, dashed to third on Catcher De Barry's poor throw and counted on Marriot's single.

AT THE THEATRES

"MADAME SANS GENE" DOMINION PHOTOPLAY WITH GLORIA SWANSON

"Madame Sans Gene," Gloria Swanson's latest Paramount production, and the one and only motion picture to play on Broadway at five dollars a seat, arrived in Victoria yesterday at the Dominion Theatre.

The picture, a background of the Paris of Napoleon's day, the tale of a young French laundress, who by her wit and beauty rises spectacularly to become a power behind the throne.

Gloria, as Catherine Hubscher, nicknamed Madame Sans Gene (Madame Devil May Care), because of her free and easy way with her customers, runs a laundry in one of the back streets of Paris. One of her customers is Napoleon, when that individual is considered a mere nobody by his associates.

Sans Gene meets and falls in love with one Bergeron Lefebvre, played by Charles de Roche. With the French Revolution come many changes. The establishment of the first Empire puts Napoleon on the throne of France, makes Lefebvre a Marshal of France and finds Sans Gene, the one-time laundress, a Duchess.

Her high position, however, fails to change Sans Gene, and she goes about mimicking the icy court mannerism of the lords and ladies. She is called to account for her unbecoming conduct by the Emperor, but when Sans Gene recalls the old days to him and reminds him of her many kindnesses to him, he quickly forgives her.

The arrival of Count de Neipperg on a mission from the Austrian Emperor, serves to complicate matters not a little. Empress Marie Louise, wife of Napoleon, is at once attracted to the handsome Neipperg, and Napoleon is insanely jealous. He orders Neipperg thrown out of the castle, but Sans Gene saves him just in time from committing such a grave diplomatic error, shows him that his suspicions haven't a leg to stand on and so establishes herself more firmly than ever in his favor.

Even for Gloria Swanson, whose every picture is the last word in gorgeous gowns and "luxurious settings," "Madame Sans Gene" is a truly deluxe production.

WONDERFUL DRESSES SHOWN IN CAPITOL FILM OF PARIS GOWNS

Paramount's highly-touted production, "The Dressmaker from Paris," was shown for the first time in Victoria yesterday at the Capitol Theatre.

Leatrice Joy and Ernest Torrence are featured in the principal roles of the picture, which was written especially for the screen by Adelaide Heilbron and Howard Hawks.

"The Dressmaker from Paris" is a romance of a little French midwifery who becomes a famous creator of fashions.

Miss Joy is cast in the role of the little errand girl, Fifi. Torrence plays Angus McGregor, a department store owner with moths in his pocketbook.

Allan Forrest is leading man, a young army captain, who, when he gets into "civies," starts to stir things up in the business line in a mid-west town.

Mildred Harris plays McGregor's daughter, Joan. She has an affair with Forrest but Fifi is his choice.

In this picture Paramount has gathered together fourteen girls billed as beauty models. They appear as "The Dressmakers," mannequins in the production. Each has four or five changes of gowns, designed for this production by a French fashion designer brought to Hollywood from Paris solely for this purpose.

"The Dressmaker from Paris" shows Paul Bern at his top speed.

GIRL'S FIGHT AGAINST POLITICAL ENEMIES IS COLUMBIA STORY

The latest Paramount production, "Contraband," Alan Crossland's vivid dramatization of the novel by Clarence Budington Kelland, is now at the Columbia Theatre to-day.

Those who read the book know the story revolves around the efforts of a young girl editor in a small town to rid the community of the vicious political elements who are in control.

In the course of her investigations, the girl discovers that even those forces that are presumably on the side of law and order are in reality in league with her enemies. But with the knowledge that she is fighting for the right and with the help of a young professor, who has been a victim of the political ring, she is successful in cleaning up the town.

The picture is full of thrilling action and sheds a bright light on present-day activities of rum-runners and bootleggers.

The film has its lighter moments as there is humor of a particularly appealing kind. The romance of the girl editor and the pompous professor furnishes many a laugh, and the scenes between the photographer and the haberdasher for the honor of being acclaimed the handsomest and best-dressed man in town add to the enjoyment.

An exceptionally fine cast has been assembled. The featured roles are in the capable hands of Lola Wilson, Noah Beery, Raymond Hatton and Raymond McKee.

HINKS PRESENTS LAUGHABLE SHOW "SIMPLE LIFERS"

One of the funniest shows that Reginald Hinks has yet offered to the Victoria public is this week's offering at the Coliseum Theatre. It goes under the title of "The Simple Lifers," and tells of the experiences of three ladies who forsake the comforts of the Empress Hotel for the rigors of camp life. Varigie Bellby depicts the character of a gently nurtured lady of the type which prefers a steam-heated hotel and breakfast in bed to all the ozone in the world, and she is tied to two entirely modern and athletic girls, Eileen Allwood and Eva Hart, to whom roughing it is second nature.

Lots of things happen when the male members of the cast turn up and are successively mistaken for a bandit who has been last seen in the neighborhood, and the fun is fast and furious. Ernie Petch takes the part of an old Irish prospector, whom he portrays to the life, making a new name for himself as a character actor, while his singler is superbly depicted by Hinks in entirely as in his best character party, namely, that of a Johnny, while George Brydson draws forth applause in two songs and dance work which was one of the features of the play. The entire cast has never been seen to better advantage, and a thorough satisfied audience was the result.

PRISONERS' ATTEMPT ENDED IN FAILURE

Chicago, May 5.—An attempt to stage a wholesale delivery of seventy-five prisoners in one tier of cells at the House of Correction here at 10.30 o'clock last night was frustrated when a woman associate of one of the prisoners revealed the plot to Richard V. Graham, superintendent.

The bars of the cells were found to have been nearly sawed through, and the saw and a cleverly carved wooden revolver were found.

CHILDREN CALLED MME. LUGRIN-FAHEY "THE BIRD LADY"

Victoria Soprano Given Delicate Tribute in East; Sings To-night

In the closing days of the glowing Fall of 1924, a picnic party in Ontario wound up a delightful afternoon with an equally all fresco, impromptu dramatic performance, arranged by a famous vocalist.

At the close of the "play" the singer waded the little stream on the banks of which the party had picnicked, and climbed a miniature cliff which formed the opposite bank. "Sing for us, Madame," called the rest of the party.

Apparently they had the woods all to themselves, not a soul had been seen for hours. Madame, like all true artists, loves her work and for fifteen or twenty minutes Italian arias, French and English melodies rang through the air with the unrestrained joy of expression.

Long before the close of the singing faces peered out from amongst the trees, and a few moments after the last wonderful notes had died away, three bare footed, happy though scantily dressed children waded into view from upstream. The moment the leader, a girl of about ten, came into halting distance, she shouted "where is the bird lady?"

The singer was Madame Lugrin Fahey, Canada's golden voiced daughter. Only a few days previously she had thrilled the vast audience in the Coliseum at the Canadian National Exhibition, her superb rendering of Elgar's "Land of Hope and Glory," sung to the accompaniment of a famous band and with the famous Mendelssohn choir, augmented to twice their normal size, as a background, bringing both choir and audience to their feet in a burst of applause. But nothing on that occasion, not even the repeated encores or the gorgeous bouquets given to the singer, reached the simple note of appreciation voiced by the bare-footed girl in the woods, "where is the bird lady?"

Madame Lugrin Fahey was born on the Atlantic coast, near the Pacific coast and now residing in Toronto. Equally at home on the operatic stage or the concert platform, she ranks with the Mendelssohn choir as a truly Canadian musical institution. It is some time since western audiences have been privileged to listen to her wonderful voice, but residents of this city and district will have the opportunity of hearing Madame Fahey this evening, May 5, at the Royal Victoria Theatre.

PLAYERS' CLUB OF UNIVERSITY IN PLAY "YOU AND I"

Proceeds of Play at Royal Theatre on Friday in Aid of Jubilee Hospital

Though not so cosmopolitan as the cast of "The World and His Wife," last year's play, of which out of ten members not one was born in British Columbia, that of "You and I" plays "Bonny," Kenny Caple, "Ricky," and Harry Warren were born on the coast. Mr. Caple is a son of the late Norman Caple, one of Vancouver's pioneers. Mr. Taylor was born in South Africa.

Miss Bice Clegg and Miss Oenone Baille are comparatively new to the club, this being their first year of membership. At this year's private performance of the "Players' Club," however, Miss Clegg appeared in "Barriers," "The Old Lady Shows Her Medals," and as Mrs. Dowey, succeeded in most successfully filling an unusually difficult role. Both Miss Clegg and Mr. Taylor appeared last year in the Spanish play, "The World and His Wife," while Mr. Caple, though he has not previously held a part in a spring play, appeared as "Perceval" in an Anglicized version of Rostand's "Las Romanesques" at a private performance of the club, and last year was the business manager of the tour.

Peter Price, whose part as a middle-aged man requires for successful interpretation a certain amount of experience, saw active service. In 1915 he joined up at Victoria and the same year went to England with the Sixth Battalion. In August, 1916, he was sent to France, when he returned in 1918 as sergeant-major. He obtained a commission and returned to active service, and in September was awarded the Military Cross. Returning to Canada in 1919 he was discharged and entered the University of British Columbia in the Faculty of Science.

The proceeds will be devoted to the maternity ward of the Jubilee Hospital.

DRAMATIC REALISM KEYNOTE OF PLAY "BOSTON BLACKIE"

Dramatic realism is the keynote of the current Playhouse attraction, "Boston Blackie," which opened a week's engagement last night. This newest of the Frank Morton productions reflects great credit on the company, being a decided change from the musical comedies and farces produced to date. Mr. Morton, who in addition to directing the bill, appears as "Jerry the Outcast," demonstrates an ability that could only be gained through a long familiarity with the dramatic field. With correct detail of make-up and mannerism, he gained and held the sympathy of his audience until the final curtain. Dave Dumbleton also gave an excellent performance of "Boston Blackie," a suave villain of the melodramatic type that, in the old days, would be roundly hissed by the gallery gods. Gladys Vaughan as the heroine, Roy Earl in a juvenile role, Hilda Cooke as a society girl, and Audrey Bennett

Here's the Latest--Cod Liver Oil in Tastless Tablets

Greatest Flesh Builder For Skinny, Weak, Run-Down People—Full of Vitamines

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out. Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease, and pleasure. Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamine food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of

these flesh-producing tablets just as easy as a bottle of cough syrup.

This, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and if you don't gain five pounds in thirty days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

TO GIVE VIEWS ON CHINESE PEDDLERS TO CHAMBER DIRECTORS

Following discussion on a request of the agricultural group of the Chamber of Commerce for permission to confer with representatives of stallholders of the public market on Chinese peddlers, the directors of the chamber decided yesterday to ask J. A. Griffith, chairman of the

group, to appear before the directors. The group sought permission to interview representatives of the stallholders and members of the public markets committee of the City Council on a resolution passed at a meeting called by the group, suggesting the City Council institute a system of reducing annually the number of licenses issued to the Chinese. Consent to the request might be taken as approval of the suggestion by the chamber. It was stated, before the chamber had discussed the matter.

OTTAWA FINDS PEACE RIVER RAILWAY PROBLEM HEDGED BY MAZE OF COMPLICATIONS NOW

Uncertain Future of Edmonton and Dunvegan Railway is Chief Difficulty in Baffling Development Problem; Alberta With B.C. in Urging Westerly Extension Through Rockies; Brule Lake Cut-off Would Impair Value of Provincial Line.

By Times Staff Representative

Ottawa, May 5.—In attempting to develop the rich Peace River district of Northern British Columbia and Alberta the Canadian Government faces one of the most complicated and difficult railway problems that Canada has seen in recent times. A score of diverse factors, all tending to increase the difficulty of a final solution, have been brought to light by recent negotiations on the question here.

At the moment the Alberta Government appears to hold most of the cards in the game. It owns the Edmonton, Dunvegan and B.C. Railway, which must form an important link in any northern railway development scheme. This, of course, increases the difficulty of the Federal Government, which has no control whatever on the present railway into part of the Peace River country. The problem is further complicated, however, by the presence of the Canadian Pacific Railway, which not only leaves the Edmonton and Dunvegan road, but also enjoys the right to purchase the line, if it wants to, after the lease has expired on July 1. And the C.P.R. so far has not indicated what it is going to do.

Bolled down to essentials, the question now uppermost in all this tangled controversy is this: Will this year or remain permanently by purchasing the Edmonton and Dunvegan Railway?

It had been hoped that this issue could be avoided by a co-operative arrangement between the Canadian National Railways and the C.P.R. whereby both would join in the development of the northern areas and enjoy reciprocal running rights. So

far the two railways have been unable to get together on the question. Neither is keen to build any more railways in the Far North. Each fears that any new line would not pay dividends for some years.

TRIBUTARY TO C.N.R.

On the other hand, the Federal Government naturally cannot undertake a northern railway building programme until it knows what is going to happen to the Edmonton and Dunvegan Railway. If the C.P.R. is going to buy that line in July, then the Canadian National Railways cannot extend the existing railway. Most public men from the West, however, feel that the Peace River country is naturally tributary to the Canadian National Railways and that the Canadian National Railways should reap the advantage of its development.

Then there are the interests of the Alberta Government to be considered. Alberta is deeply concerned with getting rid of the burden of the Edmonton and Dunvegan line, just as British Columbia is chiefly concerned with getting rid of the Pacific Great Eastern Railway. The Alberta Government thus cannot be enthusiastic about the proposed Brule Lake cut-off line, which would merely shorten the haul from eastern sections of the Peace River country to a point on the Canadian National line east of the Rockies. This scheme would simply destroy the value of a big part of the Alberta Government road.

The British Columbia Government shares this attitude. It is flatly opposed to the Brule Lake cut-off and asks instead that the Edmonton and Dunvegan line be extended westward through the Rockies to meet the Canadian National line at some point in Northern British Columbia like Prince George. This would be advantageous in two ways—it would develop the northern areas in a big way and produce freight which would help to make the P.G.E. a profitable concern.

WOULD POSTPONE SOLUTION

If the Brule Lake cut-off were built, however, the broader and more satisfactory development of the Peace River would be postponed for many years. British Columbia would not benefit in any large way so far as the P.G.E. is concerned. The Peace River freight would naturally move to the coast on the Canadian National Railways, and the value of Alberta's investment in the Edmonton, Dunvegan and B.C. Railway would be seriously impaired.

It is out of this baffling maze of complications that the Federal Government is seeking a really permanent scheme of northern development.—R. H.

TO MAKE TRIP INTO HEART OF PROVINCE

Victorians Asked to Join Vancouver Board of Trade Party

Members of the Victoria Chamber of Commerce have been invited to join the Vancouver Board of Trade, 1925 excursion to Central British Columbia. A letter read at the meeting of the directors said that it had been decided to repeat the trip to central British Columbia because of the numerous invitations that had been received from the boards of trade situated along the Grand Trunk Railway. The excursion will start July 17 and end July 30. Prince Rupert, Terrace, Smithers, Vanderhoof, Prince George, Quesnel, Williams Lake and Ashcroft will be visited. The Ss. Cardena has been chartered for the trip. If sufficient numbers decided to take the trip a special train will be secured for the journey from Prince Rupert to Fort George.

Cuthbert Blackett, Old Resident, to be Buried Tuesday

The remains of the late Cuthbert Blackett will be laid at rest in Ross Bay cemetery on Tuesday afternoon, following services at the Sands Funeral Chapel at 3.30 p.m.

Mr. Blackett passed away on Saturday afternoon at the residence of his daughter, Mrs. W. E. Ditchburn, 252 Linden Avenue, after being in failing health for some time. He was born in Stockton-on-Tees, England, in February, 1827, and came to Winnipeg in 1887. After a few years he removed to Victoria, where he has since resided. He was actively interested in gold mining, and in 1896 he went to Germansen Creek, in the Omineca, at the time of a gold rush. Later he prospected in the Yukon at the time of the Klondike excitement, and subsequently entered the Leech River seeking placer deposits.

Mr. Blackett is survived by one son, Bert Blackett, of this city, and his daughter, Mrs. W. E. Ditchburn.

FEAR TRADE PACT WITH AUSTRALIA MAY BE SHELVED

Victoria Chamber of Commerce Asked to Petition Ottawa

Chamber Directors do Not Agree With Vancouver's Fears

Fearing that there is grave danger of the ratification of the trade agreement between Canada and Australia being indefinitely postponed by the Canadian Government, the Vancouver Board of Trade in a letter before the directors of the Victoria Chamber of Commerce yesterday urged representations be made to Ottawa for action to be taken at the present session of Parliament. The Vancouver Board of Trade, the letter stated, has for a considerable number of years advocated and sought for a preferential trade treaty between Canada and Australia. Australia by act of Parliament has ratified the agreement giving certain preferences to Canada. Cable dispatches from Australia indicate that unless the Dominion Government takes action on this question during

the present session there is a probability that the whole matter will automatically lapse, imperilling the possibility of the preference in the near future at least.

The directors acceded to the request to petition the Rt. Hon. W. L. Mackenzie King and the Dominion Government to use every effort to bring about legislation this present session to bring the agreement into effect.

Canned fish and fruit, very important items as far as British Columbia is concerned, were included in the treaty. J. L. Beckwith pointed out that Canada had sent two Ministers to Australia to secure the treaty and he could see no reason why the treaty should be held up.

J. O. Cameron and E. W. McMillen doubted if there was any danger of the treaty being indefinitely postponed. J. O. Cameron suggested the board should go on record in favor of having the treaty ratified, but not endorsing the Vancouver resolution expressing fears of it being shelved. The chairman was asked to draft a resolution for the Victoria Chamber in favor of having the treaty ratified, but not expressing the fears contained in the Vancouver resolution.

This Guarantee Protects You Against Moths in Your Chesterfield Suite

WHERE do you keep your insurance papers? You have a strong box or a special drawer in your desk for valuable documents, no doubt. That's where you should keep manufacturers' guarantees, so that when the time comes, if it ever does, you know exactly where to go, and exactly where to look for any particular one of them, by which you may require to hold the manufacturer responsible.

Many manufacturers issue guarantees with their goods. It is a good plan and there is no better assurance of good faith if the guarantee says what it means and means what it says. The manufacturer who issues a bona fide guarantee believes his goods are worthy and will live up to their reputation and the claims made for them. He is so sure of it that he guarantees them. Buying a so-called guaranteed article without a definite guarantee tag is worthless.

The trouble is that most people accept a guarantee as proof in itself that the goods are all right, but do not put the guarantee tag away in a safe place. In a few weeks it is nowhere to be found. It is as though insurance papers were lost. In this way the protection the guarantee was intended to provide is wasted and when occasion arises when the guarantee is needed, nobody knows where it is.

The guarantee accompanying Snyder's Sani-Bilt Living Room Furniture is worth preserving. It stands good for the life of the article. When you read it you will see it covers all the points you need to have guaranteed—immunity from moths, immunity from unsanitary fillings, immunity from lack of durability in construction due to faulty materials. We are sincere about it. Keep Sani-Bilt guarantee in your strong box among the documents of value. It means something. It is not a mere advertising novelty. It is a genuine insurance policy against definite possible troubles.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, May 5 (By R. P. Clark & Co. Ltd.)—Dealings were on a fairly large scale, and the general run of prices was higher. The oil shares assumed a leadership in the afternoon trading and closed at about the best prices of the session. Some of the industrials showed more animation on the upside, also the motors and motor accessories. Lower taxation talk of the last few days and optimistic utterances of prospective foreign trade have apparently made a market impression on sentiment. An advance in pig iron late yesterday was also a favorable development. In the textile line trade conditions are not so favorable, and this is reflected in the lower prices for the shares of companies engaged in this line of endeavor. Reports of a fractional increase in the price of mid-continent gasoline and the anticipation of another increase in conjunction at record breaking domestic consumption, stimulated the inquiry in the petroleum shares. A bullish sentiment has been developed towards this group the last few days, and we think its effect will be felt in a more pronounced fashion from now on. A seasonal advance in the price of oil stocks seems to be in the course of development. It looks as though the car loading figures, to be released to-morrow will show a substantial increase and come very near to the one million mark. Initial dividends on certain stocks, which are expected to be increased in ones that are now in the dividend paying column, coupled with prospects regarding, seems to lend the necessary stimulus for the inauguration of constructive efforts in the transporting shares. We anticipate rising price tendencies.

New York, May 5 (By B.C. Bond Corporation's direct wire) — The Direct Wall Street Wire—The "Street Journal" says: Stimulated by indications that the market had definitely broken away from its recent depression, groups in to-day's session. Further substantial advances occurred in Southern Railway, which reached an achievement of new record highs were the outstanding performances. Public utilities were spurred to extraordinary activity by the would-be strong activity of Utah Securities, Elec. Power and Light, Con. Gas, Brooklyn Edison, Brooklyn-Union Gas, Montana Power.

In the industrial category, new highs on the current recovery were reached by Gen. Electric, East Iron Pipe, Steel, Baldwin Locomotive and similar leaders. Although the upward trend of prices became less pronounced in the afternoon, confidence in the recovery was maintained. In groups like the oils, which had the assistance of advances in gasoline prices by mid-continent refiners, buying activities kept up through the afternoon and new highs on the current upward were reached in the late trading.

Attainment of new high ground for 1925 at Monday's close by the average prices of forty leading stocks pointed to indefinite continuation of easy money condition. Equipments developed group strength under the leadership of the new American Car and Foundry shares, which reached new high ground at 105, up 5 1/2 points from Monday's low. Goodrich common was a feature of special strength among the tires, displaying activity in the afternoon which was scarcely more than a point from the year's high. The average ten per cent. advance in fire prices which became effective May 1st, will probably substantially augment the earnings of R. P. Goodrich and Company, although this concern has an unusually high debt load, and is in the process of being reorganized. Goodrich is expected to have earnings of between \$6 and \$7 a share for the six months ending June 30, and for the full year there is every prospect of net income equal to or in excess of the common.

Business prospects for the equipment companies have been brightened considerably by the announcement of Chicago district. This indication of reviving railroad buying was followed by new highs in the Baldwin Locomotive at 114 1/2 and American Locomotive at 122 1/2, while American Brake Shoe attained the best price of its history at 104 1/2.

Chicago Grain Chicago, May 5 (By R. P. Clark & Co. Ltd.)—Wheat: In view of the depressed markets abroad and the indifference of action of wheat at Winnipeg prices held fairly well. Liverpool stocks as well as mill and country elevator supplies are light, while the visible stocks are being whittled down materially every week. Receipts are small. The private crop reports will be either confirmed or revised by government figures in the latter part of the week, and it would not be surprising to see a choppy market pending that report. If the recent crop estimates are confirmed even approximately it would mean the development of a strong bullish situation. In morning session general conditions justify present price levels.

Corn: Sharply higher, but best prices were shaken notably when a local pressure. Stocks are estimated by a local statistician at \$1,000,000 bushels on May 5, against \$85,000,000 a year ago. This is the basis for much of recent buying. Slow cash buying. To-day cash sales were \$5,000,000 bushels or only 40,000 bushels less than last week. Visible stocks should continue to decline rapidly. Would not follow bulges at this level.

Retail Market

Chicago, May 5.—Wheat prices continued their gradual, yet persistent climb here to-day. With export demand almost totally lacking and pressure light, the bullish sentiment was construed as a sign that the trade was still influenced by reports of acreage reduction in the United States. The market acted stubbornly throughout the session, the fluctuations being comparatively mild. May delivery which closed at 172 1/2, advanced 2 1/2 on Saturday's close. July gained 1 1/2 at 166 1/2 and October was up 1/2 at 159. To-day's jump represents an advance of 20 cents in the price of wheat since the beginning of last week.

On the coarse grain markets rye displayed the outstanding strength and after advancing 3/4 cents closed 4 1/4 higher.

Winnipeg, May 5 (By R. P. Clark & Co.)—Wheat: In the face of an advance of about 22 cents during the past week and export business on a very moderate scale, this market displayed a stubborn tone and held another 2 1/2-cent gain to-day.

There volume was small, but offerings were scarce and the market came out on the bulge, and appeared to be well taken by strong interests, although exporters and millers were doing nothing. In view of the fact that the price of wheat is very difficult to locate the buying or selling the strong tone, but it would appear that there are still outstanding offers in the market.

Chicago market, which advanced over three cents yesterday was somewhat easier to-day, prices declining 2 1/2 cents during the first part of the day, but firming up later on further favorable crop reports from the southwest.

Liverpool cables came about quarter past ten this morning easing off and closing 1 1/4 pence lower. Sea-board reported a very moderate export business in wheat, with bids only of line, the foreigner showing little interest. Local sentiment continues decided bullish but the trade cannot understand the indifference shown by foreign buyers and markets as their requirements are known to be large. Stocks on passage decreased about 7,500,000 bushels this week, but are still large, and the foreigner is definitely not worrying about his immediate needs, but will undoubtedly be forced to come into these markets a little later on.

The Canadian wheat market shows only a decrease of about 750,000 bushels for the week.

Coarse grains: These markets were all strong during the early part of the session, and on advanced 1 1/2 cents, barley about 1 cent, while rye jumped about 5 cents, following

the big bulge in American markets yesterday. These bulges were not held, however, oats closing 1/4 cent lower, barely 1/2 cent up and rye 4 cents higher. There was a good class of buying against export sales, and offerings were liberal on the extreme bulge.

Winnipeg, May 5 (By B.C. Bond Corporation's direct wire)—Foreign buyers have failed to follow advance in this line, and buying was largely for commission houses with liberal buying by local mills. Offerings, however, continue light, giving market the firm tone. Foreign crop news continues fairly favorable and conditions in U.S. appear discounted for time being. Do not advise purchases on further advances at present, though believe any resumption of export business will result in higher prices.

THE R-33 RETURNS

In these photos is told the story of the heroic and successful fight of the men of the R-33 to overcome the warfare of the elements that sought to drag them down to death. In the upper left is shown the crumpled bow of the great air-liner, as it was after the R-33 was torn from her mooring mast at Puhham, England, by a terrific windstorm, to be driven far out over the waters of the North Sea. Left, centre is Wm. Dick, a member of the crew greeting his joyful wife after his safe return. The other picture shows the R-33 being landed at Puhham. Men and women both aided in landing the air giant.

Corporal Potter (top) was one of the survivors of the ill-fated R-33 which burned, and a member of the crew of the R-33. Below, Lieut. R. S. Booth who commanded the R-33 on her unexpected cruise.

CHINESE FINED FOR GOOD FRIDAY WORK

Six Failed to Recognize Lady Visitor as Factory Inspector.

Following a sudden drive by officials under R. J. Stewart, Inspector of Factories, Vancouver, in Victoria Good Friday, seven Chinese laundries were charged in city police court with working on a public holiday. Six of the accused pleaded guilty and were fined \$50 each and costs, with the option of one month in jail. The seventh accused pleaded not guilty and secured a remand to brief counsel.

Evidence for the prosecution was given by Miss Violet Smart, an official of the Vancouver office of the Factory Inspection Service. Miss Smart told of making a round-trip of the city on the morning of April 10. In some places six men were working, in others one or two. In each case witness asked the question, "Do you know that you should not work on Good Friday?" and was usually met with the response that only a half day's work was being done.

The accused were under the impression that the holiday was the same as the Wednesday half holiday, the court was told. They had been warned to the contrary, stated the prosecution.

Quong Sing, Sue Wah, Sam Wah Kee, Lee Wo Lung, Sam Kee and Hong Long admitted the breach and were fined. Hee Kee said he wished to talk to a lawyer about it, and this indulgent was granted.

New Fleet of Taxis For City of Sydney

Special to The Times—Sydney, Australia, May 5.—That "Americanization" of Australian cities, which surprises visitors from across the Pacific, will get a fillip shortly when several hundred taxis of an American type begin to run in Sydney's streets. The taxis now in use are largely owned by their drivers, with the result that many people keep clear of them from a wholesome dread of being overcharged.

The type of taximeter in use in Vancouver appealed to an Australian traffic inspector who recently visited Canada and the United States, and this will be installed in all the new cabs. They will be controlled by a company which will be responsible for the fare accounts.

Italian Prince is To Visit Japan

Rome, May 5.—The Epoca says the trip of Crown Prince Humbert to Japan will not start before next January despite previous reports that the Prince would leave Brindisi May 15. The newspaper insists that the plans for the trip, which contemplate the use of three Italian cruisers, have not yet been completed.

COUNCIL WILL ORGANIZE CAMPAIGN FOR SEALING PROFITS

Less Than One-tenth Canadian Pelagic Profits Disbursed, Council Told

Victoria Industry Ruin Gives Big Profit to Federal Government

The City Council last night appointed Mayor Pendray and Aldermen Todd and Marchant a committee to organize a campaign for sealing profits, for more fair treatment to Victoria citizens under the Pelagic Sealing Treaty.

Senator R. F. Green informed the council that when termination of the Pelagic Sealing Treaty is under discussion, he will "be very glad to give very careful consideration" to the city's resolution advocating abrogation.

TITHE PAYS CLAIMS

S. F. Tolmie, M.P., supplied the council with replies to a list of questions he asked in the House of Commons. These showed that the Dominion Government has received \$91,000 under the divisions made in accord with the treaty, of which \$60,661 has been used to indemnify persons injured by cessation of sealing operations. The remainder has been placed in the Consolidated Revenue of Canada.

Alderman Todd denounced the treaty and pointed out that Dominion right to participation in sealing profits, was only acquired by virtue of claims of citizens of that portion of Canada fronting on the Pacific. "This portion of Canada is entitled to this money, why does not Ottawa hand it on? They do not hand over even one-tenth of the receipts. Sealing was a purely Victoria industry, and the money should come here and go nowhere else," he said.

Alderman Marchant advocated the wisdom of maintenance to the treaty, but agreed that British Columbia citizens are entitled to better treatment.

Mayor Pendray recommended that a committee authorized to take strong measures be appointed by the council, to secure the co-operation of all the organizations in the city in support of better terms for injured Victorians. Alderman Brown moved accordingly, with the unanimous support of the council.

Cemetery By-law Passes Council

The City Council last night finally passed the Ross Bay cemetery by-law, after Alderman Brown had secured insertion of a clause in aid of owners of unused lots in the cemetery.

Under the by-law the cemetery committee have the privilege of refusing permission to owners desiring to transfer title to lots, and Alderman Brown's clause gives such owners privilege of appeal to the council. Alderman Brown considered the restrictions under the revised by-law to be drafted in the interest of the Royal Oak Burial Park, and Alderman Marchant noted that at present only one interment in ten takes place at Royal Oak. Alderman Shanks frankly stated that "the Royal Oak cemetery needs the business" and other aldermen pointed out that unless conditions change an assessment on Victoria is possible, to cover sinking fund and interest requirements on the new park.

PAINT UP FREELY WITHOUT FEAR OF RAISED TAXATION

Council Asked by Chamber For Ruling on Taxation of Improved Homes

In many years of service upon municipal courts of revision of assessment I have never known painting of homes to result in increase of assessment, Alderman A. E. Todd last night assured the City Council, when a letter from the Chamber of Commerce asked for a ruling. Many citizens are deterred from sharing in the "paint-up-and-clean-up" campaign by fear of increased assessment resulting, the chamber wrote.

Mayor Pendray reported that the city assessor had assured that the city's assessment would be made on a basis that would be fair to all, even rehousing was disregarded when assessment was being considered, while painting was not a factor in any policy governing changes.

Alderman Dewar was glad to hear the assurances, and believed that the public should be informed of the attitude of the city.

Mayor Pendray stated that increases in assessment would follow structural changes to homes, such as addition of rooms, and Alderman Marchant recalled that the imposition of taxation on improvements, three years ago, had been frequently misunderstood after the reassessment which had followed.

World Outlook Club of Y.M.C.A. Activities Are Renewed

The World Outlook Club of the Y.M.C.A. has recently renewed its activities. At a meeting of the committee it was decided to set an objective of 200 members, for 1925. Already seventy-five men have enrolled. The purpose of the club is to help maintain and extend to other nations the good will and Christian service of the Young Men's Christian Association of Canada and the United States and become better acquainted with the problems of the boys and young men of these other nations, to be able to deal intelligently with them, and hasten the dawn of universal peace.

A series of meetings will be held during the year, at which speakers will discuss various topics dealing with international relationships. The first of the series of meetings will be a supper at the Y.M.C.A., Monday, May 11, 6:15 to 8 p.m., at which Dr. T. H. Boggs of the University of B.C. will give an address on "Oriental Immigration Problems of the Pacific Coast." Dr. Boggs is chairman for B.C. of the Pacific Coast Survey on Oriental Immigration.

CANADA INQUIRES ABOUT CASE OF V.C.

Ottawa, May 5.—The Minister of Justice was requested in the House yesterday afternoon to take up the case of Michael O'Leary, V.C. who, it was stated, was being held in jail in the United States on a minor charge, but without trial. Hon. R. J. Manion, Conservative, Fort William, who made the request of the Minister, asked that he endeavor to secure a speedy and fair trial. Hon. Ernest Lapointe, Minister of Justice, said he would make it his duty to investigate the matter.

Thinking people have confidence in ENO

Our greatest asset is the public's confidence in ENO's "Fruit Salt". To try other laxatives is to discover anew how much better ENO is—pleasanter, gentler, safer, surer.

ENO acts in an entirely natural way to keep you clean within. It contains nothing to harm you—no purgative mineral salts, no sugar, no flavoring matter. Doctors know how fine ENO is for the many ailments that arise from intestinal sluggishness, they use it and prescribe it.

Is it wise to experiment with your health when you can so safely guard it by a dash of ENO first thing every morning?

The words "Fruit Salt" and ENO, and the label shown on the package, are registered trade marks.

No Silver Coins Are Minted in Canada

Ottawa, May 5 (Canadian Press)—No Canadian silver coins have been minted in Ottawa since 1922. In answer to a series of questions by George Black, Conservative, Yukon, in the House of Commons yesterday afternoon, Hon. J. A. Robb, Acting

Minister of Finance, stated that a large quantity of silver had been minted during the war and demobilization periods. There had been a sufficient supply to last until the present time. The mint, Mr. Robb said, had been engaged on bronze and nickel coinage and the refining of gold.
